GOOD CROP NEWS **BOOSTING STOCKS**

Sellers of Last Week Suddenly Turn Buyers.

READING AGAIN STARTS UP

Market Comparatively Heavy, Save for Few Leading Issues-Standard Oil Party Buying.

NEW YORK, July 24 .- While the opening stock quotations were generally higher, the tone was indifferent, Reading was up %, subsequently reacting slightly. Pennsylvania and Southern Pacific were nominally heavy. United States Steel common and preferred fluctuated narrowly, averaging 15 higher, then lost it all. Amalgamated Copper opened 1/2 Bonds were nominal.

There was a sudden shifting in position after the opening on the part of the large room traders, and a number of outside operators who were heaviest sellers of stocks on Friday and Saturday. This element bought many issues on a fairly large scale all through the first hour, and started some urgent covering of shorts. Standard Oil brokers were buyers at the same time, and C. G. Gates & Co. took some large blocks of

Gates & Co. took some large blocks of leading stocks.

The buying is based to a great extent on the break in the price of wheat here and at Chicago, and on favorable reports in regard to the growing crops received by the leading banking interests of the country. Reading, which closed on Saturday at 100%, opened at 101 and rose to 101%. The London trading was small and without any influence on price movements. Government bends unchanged; railroad and other bends firm.

SOMETHING ABOUT LEMONS.

but we have paid more in previous hot waves. The lemon is a deceiving bird. The handsomer, bigger, finer, smoother, fresher, the less juice and greater inspidity. If you find a rough, rugged rind of dark color, a thin rind, take it in preference. There are lemons which look as if they are fly specked. They are usually rich in juice and acid. which look as it they are ily specked. They are usually rich in juice and acid. If you are forced to buy the big, smooth, yellow ones, roll them on the table with the palm of the hand once a day for a week; then squeeze. I am talking about lemons for juice, not rind for grating.—New York Press.

IN COTTON MARKET

NEW YORK, July 24. - Shorts were arge buyers at the opening of the cot-on exchange this morning on proerpool and Mr. Price's estimate of 69 component companies, the increased market activity occasioned by the Steel nounced strength of the market at Livper cent for condition, suggesting a crop of only 9,500,000 bales. The latter, in connection with American buying and

oil tanks of the Texas company, which were set on fire by lightning, are all still ablaze, and the entire lot will be consumed.

Little rivulets of burning oil are running toward the oil field proper, but a heavy rain has been falling and an electric storm raging, the water serving to keep the derricks from burning. The workmen have all fied from the field. The town itself is filled with refugees.

Number of Lives Lost?

Five unidentified bodies have been recovered. The number of dead is esti-mated at all the way from ten to fifty. Nearly 1,000 persons are at work fight

There seems to be little hope of rescuing the men surrounded by the flames. Even should they escape the United States in the fiscal year just burning they could hardly survive the ended exceeds that of any preceding oil and gas furnes.

ended exceeds that of any preceding year, having been \$2,635,970,333, in comoil and gas fumes.

Men and Mules Hemmed In.

Around the tanks where the fire ered with a sheet of water, covering \$92,000,000 the total record in 1903, and which is thick film of oil. If this waste exports having for the first time surcicle with the passed the fleures of 1901. In 1903 in the witnesses for contempt of court. which is thick film of oil. If this waste exports having for the first time sur-oil catches fire, it is probable that the passed the figures of 1901. In 1903 imwhich is thick find of oil. If this waste oil catches fire, it is probable that the tanks of the Guffey Company, the Sun Company, and the smaller owners, may go. These tanks hold 4,500 barrels of oil. Shortly after the first big Texas tank began to burn 2,500 workmen with seventy-five mules were hurried to the place to throw up earthen embankments to confine the fire to the tank where it originated. Suddenly the oil gave an upheaval, bubbled and lifted a great mass of the burning fluid bodily from the tank and the fire was communicated to three other tanks.

The burning oil caught the men and mules and hemmed them in. There was a wild scramble for safety, men dropping their scrapers and reins and fleeting. Some of them mounted mules and got out, but at least forty of the mules balked and were cremated.

The loss up to this morning is believed to be 2,500,000 gallons of oil, valued at \$500,000.

Lemons at 30 cents a dozen are dear, COAL YARD QUESTION BEFORE COMMISSIONERS

The Board of District Commissioners this morning heard testimoney relativ to the proposed amendment to the building regulations concerning coal yards The hearing was incidental to the pro test of a number of citizens of Eckingtest of a number of citizens of Eckington against the maintenance of the coal yard of R. E. L. Thompson.

Attorneys H. E. Davis and F. M. Cox represented the citizens of Eckington, and J. J. Darlington appeared for Thompson. J. S. Flannery and Joseph Crawford represented the Pennsylvania Raifroad Company, and George E. Hamilton locked after the interests of the Baltimore and Ohio Raifroad Company.

Both Messrs. Flannery and Hamilton, representing the two railroads, spoke in favor of the proposed amendment.

William H. Henderson, president of the North Capitol Citizens' Association, spoke for the citizens.

Well's actually making some stir in the world."

"Well' Does that surprise you?"

"Of course. Why, that fellow won a medal for good conduct while at school."

-Philadelphia Ledger.

OF THE STOCK MARKET

NEW YORK.

As long as the public displays as light an interest in the course of stocks, as they did list week, so long will prices be dictated, in the majority of instances, by the daily operations of this small handful of room traders, who inaugurated a campaign to depress prices, the instant the Union Pacific and Amalgamated dividend announcemnts were made on idend announcemnts were made on Thursday last. They dictated the reaction of Saturday, and of the 422,000 shares dealt in on that day, their activities accounted for more than 300,000.

INVESTIGATING COTTON SCANDAL

them by District Attorney Beach:

Mr. Cheatham Explains.

Richard Cheatham, secretary of the Cotton Grewers' Association, who made the charges that resulted in the investigation of the Agricultural Department, The loan expansion of \$19,000,000, shown by Saturday's bank statement, was adequately foreshadowed in the heavy was the first witness to appear today monetary readjustments incidental to before the special session of the grand

the Japanese bond flotation; and yet, the incidental decrease of \$4,573,000 in the surplus reserves, was seized upon by the bears and utilized as an effective engine for depressing prices. The result was a reactionary market.

Though it seems probable that no especially pronounced improvement in values is to be expected until the speculating and investing public display a more pronounced interest in stocks than they are likely to do during the dogdays; still it is reasonable to expect that the meeting of the Steel corporation this week will impart at least a show of temporary vitality to the trade.

Should this week witness also the final financial adjustments incidental to the

information.

It is understood that all or nearly all the clerks employed in the office of the statistician, and who handle in any way the reports of the several State agents, will be examined by the grand jury. The probabilities are the hearing will continue for at least several weeks before an indictment is found for consultrace.

it in any manner or form until after the grand jury has made a final report to the court. He is always willing and curred glad to keep the public posted through the press what he is doing, but the very nature of these proceedings makes it unadvisable to do so in this instance,

Indictments Expected.

The investigation, which will be conducted by the grand jury, it is expected, will result in indictments being returned against two or more persons believed to be directly responsible for the leakage in the cotton report. One or more of these persons are now or recently have been employes of the Department of Agriculture.

District Attorney Beach will in person conduct the investigation which will be made by the grand jury, and he says he will allow no evading the answering

MOTHER IS ACCUSED OF KILLING DAUGHTER

Father, However, Declares the Girl Used a Revolver and Committed Suicide.

BALTIMORE, July 24.-Mrs. George Raum, of 1405 Ward street, has been arrested, charged with the murder of her shooting her through the heart with a with having charged the blame for the revolver on Saturday night outbreak to the failure of the United noon Saturday with her mother, and re-

turned to the house about 6 o'clock. A

Mr. Raum ran upstairs and found the ette at a cost of \$135,000. The place is in Sacramento street, between Gough and Octavia. It is one of the finest apartment houses in San Francisco.

This is the second investment Mr. Goodwin has made here. He bought a cottage and ocean beach lots for \$50,000.

AN EXPLANATION.

DREAD SCOURGE

As a result a strict quarantine has gone into effect against all Central American ports, which are considered afected. Vessels arriving from these ports will be detained in quarantine six days A long conference was held in the St Charles Hotel, attended by public offi rials and health authorities of Louisi ana. New Orleans, Alabama, Mississippi and Texas. This resulted in assurance being given to the representatives of other States that the fullest precautions were being observed here, and that they would be kept throughout informed of the progress of the disease.

Few New Cases.

There were few cases reported today Residents of the circumscribed quarter where the fever exists have been told Plans have been completed to exablish detention camps on the various railroads. These camps will be under the direction of Surgeon J. H. White, of the United States Marine Hospital service, to whom Surgeon General Wyman has assigned universal assistance.

A dispatch from Havana, Cuba, says quarantine has been established against New Orleans.

May Withdraw Soldiers From Jackson Barracks

On account of the presence of yellow fever in New Oricans the War Department is considering the advisability of transferring the soldiers stationed at Jackson Barracks to some place farther north, probably to the Chickamauga National Park.

An army medical officer has been ordered to examine into the yellow fever situation at New Orleans with special reference to the soldiers. The re-

can throw any light upon the matter will be called by Mr. Beach to testify before the grand jury.

District Attorney Beach, when asked

Can throw any light upon the matter the reports received here came from Dr. Edmund Souchon, president of the Louisiana board of health, and from Surgeon A. C. Smith, who is stationed what course he now intends to pursue in at the Marine Hospital at New Orleans. the matter, said he will not discuss These reports stated that the existence of yellow fever had been confirmed by autopsy and that one death had oc-

> Dr. Walter Wyman, surgeon general of the Marine Hospital Service, will return to Washington on Thursday to take charge of the situation. He had been in-Honolulu on official business in connecion with the establishment of a Government leprosarium, authorized at the last session of Congress, and arrived in Portland, Ore., last week, where he de ivered an address before the American Medical Association. Acting Surgeon General Glennon notified him of the outbreak at New Orleans and has received a dispatch saying that Dr. Wyman had started at once for Washington. He will be kept in touch with the situation by telegraphic communication from Washington as he proceeds eastward.

Taking Prompt Action.

Dr. Glennon spent much time in his office in consultation with Dr. Geddings and other members of the Marine Hos pital force. Dr. Guiteras and Dr. Richlight. Dr. Guiteras is one of the most expert authorities on yellow fever in the Government service, and he, as well s Dr. Richardson and Dr. Corput, participated actively in the campaign gainst the yellow fever epidemic at Laredo, Tex., a year and a half ago. The Marine Hospital Service has is sued orders placing Government inspeorse on all trains passing out of New Orleans through Mississippi. They will inpect all passengers, and this will tend toward avoiding more rigid quarantine measures unless they should be deemed

Blames Officer at Belize.

Dr. Souchon, president of the Louis daughter, Mary K. Raum, nineteen, by lana State board of health, is credited Miss Raum had been out all the after- States Marine Hospital officer at Belize

to report the existence of yellow fever there prior to May 24. It is not believe in Government circles that blame can be attached to that officer, who is Acting Assistant Surgeon Carson, and was sent to the fruit port of Belize, in British Honduras, upon the recommendation of Dr. Souchon. Dr. Carson is a New Orleans man, and is regarded as a very efficient officer. Dr. Carson cabled to the Marine Hospital Service on May 24—two months ago—that there had been a death from yellow fever at Belize. On the State health authorities of Louis iana and other Southern States. Belize is only three and a half days by seam-er from New Orleans, and five days is the period of incubation for yellow fever. There is no Gvernment quaranthe station at New Orleans. The quarantine station is conducted by the local authorities, and it is believed here that the congestion of fruit vessels at quarantine was responsible for the case slipping through quarantine into the city.

city.

The outbreak at New Orleans is the first in that locality since 1890, and the first fever in the United States since the outbreak at Laredo, Tex., on the Mexican border, about a year and a hall ago. The absence of yellow fever has been due to the sanitary reorganization in Cuba, to modern methods and to cooperation between State and national health officers.

Yellow Fever Patient On Board Seguranca

PANAMA, via Galveston, July 24.— Eefore the Seguranca sailed yesterday, Hains and Major Herrod, canal commissioners, a fireman was discovered to be suffering with yellow fever. He was at once taken ashore and the ship was tion furnished upon application at the office, umigated.

The latest report gives two new cases of the rever, one of those stricken having died.

COL. LEACH'S REPORT ON WASHINGTON AQUEDUCT

Lieut, Col. Smith S. Leach, of the Engineer Corps, has submitted to the War Department his report for the month on the operations at the Washington aqueduct. He states that fifteen of the wenty-four filter beds required by conract have been completed. Four the sand one hundred and four yards of filter gravel and 12,477 cubic yards of filter he reports were placed in the beds. The amount expended on the work during the month was \$158,819.50. The amount expended from the beginning of the present fiscal year to the end of the previous month was \$1,166,625.52.
